

UNIONISTS.

Hampering Sanitary Work in Fe-ver-Stricken New Orleans.

Better Citizens Devoting Time, Labor and Money to Cleansing City.

New Orleans, La., Aug. 10.—Although all the better classes of citizens in New Orleans are devoting their time and labor and money to the cleaning of the city, the labor unions of the city have put in their oar and have tried to tie up all the work which was being done. They found a few of the men who were being employed belonged to various unions, and they promptly tried to formulate the scale of wages which the laborers who are oiling the cisterns and cleaning gutters should demand.

A committee of these labor unions called on Dr. Warner today and demanded an advance of 50 cents per day on their wages. They were promptly turned down and a number of them quit work.

Off for Mammoth Cave.

The following parties left Tuesday morning for Mammoth Cave to see the sights of the Cave. They will take the long route; a good time is expected by all. They will be gone two days. The party consists of Mesdames B. R. Ashby, W. C. Morton, J. D. Sory, W. J. Cox, W. L. Branson, J. K. Hawes, Norman Howard, Hilroy Spencer, Walter Wright, Alex. Todd, Dick Salmon, Ed Barnett, Misses Edna Johnson, Cora Hall, Eunice Brown, Genora Whittinghill, Essye Lynn, Mary Ruby Morton, Elna Ashby, Ray Prather, Hazel Todd, Mary White, Messrs. R. W. Long, B. R. Ashby, Durwood Lyon, Chesley Holloman, Bacon Ashby, Will Riggins, Sam Ruby, Joel McPherson and John Hall.

EARLINGTON GUN CLUB

Begin Weekly Practice for the Season.

The Earlinton Gun Club, composed of some of the best marksmen of the city, has begun its weekly practice on their grounds at this place. The club will shoot on every Thursday afternoon if the weather is favorable. The following score was made by the participants present on last Thursday afternoon, August 10th, out of 25 shots each:

W. G. Barter.....	24
C. G. Robinson.....	18
G. E. Drake.....	17
H. C. Bourland.....	16
Mr. Crewson.....	10

SPEED UNIVERSITY

Will be Located Somewhere in Western Kentucky.

A Point Halfway Between Earlinton and Madisonville Suggested.

A half million dollars has been donated for the purpose of building a university to be known as the Speed university of Kentucky. \$400,000 of this money was left by the late Mrs. Speed, of Louisville. The university will be the property of the Northern Methodist church and is to be located somewhere in Western Kentucky. Fifty acres of ground will be needed for the site. A splendid location would be a point halfway between Madisonville and Earlinton and both of these thriving towns would be equally benefited. It would be a good idea for the business men of the two places named to get their heads together and make a strong pull for this site. The necessary ground could likely be secured with the proper management.

MORE WHITE THAN NEGRO CHILDREN IN THE SOUTH.

Census Shows This Condition for First Time in Country's History.

A study in the proportion of children has just been published by the Bureau of Census at Washington. Among other interesting features contained in the volume is a comparison of the increase and decrease, through the past decades, of the proportions of both white and colored children to women of the two races between the ages of 15 and 49 years.

Though the negroes have a larger proportion of children than the whites, it has been noticed that the whites of the South have a larger proportion than the whites in other sections of the country. It therefore is interesting to compare the two races in those states to which the negroes are mostly confined.

"At the two census preceding the Civil War, the proportion of children for the two races at the South was substantially the same. The immediate effect of the Civil War and Reconstruction; if the figures of 1870 may be trusted to the extent, was to reduce the proportion of children among southern whites by about one-eighth, and among negroes by one twenty-fifth. The following decade saw an increase in the proportion for each race, but as the decrease among the negroes, 1880 to 1870, has been less, so was the increase, 1870 to 1880, greater. But between 1880 and 1900 there was a decrease of 160 in the number of negro children at the South to 1,000 negro women, and a decrease of only 75 white children to 1,000 white women. As a result, in 1900 there were for the first time more white children than negro children in the South to 1,000 women."

SECOND REGIMENT

Of State Guards Break Camp at Paducah.

Paducah, Ky., Aug. 15.—The Second Regiment of the State Guards, which has been in camp here since August 6, broke camp last night and returned to their homes. The Second Regiment boys have made many friends by their gentlemanly conduct here. There will be two days' intermission before the First Regiment of Louisville, under Col. Biscoe Hindman, will arrive Thursday morning for a ten days' stay. The general officers, Battery F. of Frankfort, and signal corps will remain here all during encampment.

DR. CHATTEN

Investigates Cripple Creek Proposition but Will Stay at San Antonio.

Dr. E. A. Chatten, formerly of this place, recently made a trip to Colorado to investigate an offer made him to invest in and take charge of a private hospital at Cripple Creek. The physician who wished to retire had several hundred miners from several gold mines on his list and was doing a nice hospital practice. Dr. Chatten, after investigating and advising with friends at Cripple Creek, decided to remain at San Antonio, Texas, where he has been practicing since leaving Earlinton. The doctor has offices over one of the leading drug stores of San Antonio and feels that the future is quite encouraging.

PERCY J. LUSTER

The Guthrie Murderer a Physical Wreck—May Not Live for Trial.

REQUISITION HAS BEEN ISSUED.

Ogden, Utah, Aug. 14.—Percy J. Luster, who will be returned to Kentucky to answer for the murder of his wife at Guthrie, is a physical wreck, and it is doubtful if he will live to be tried. He is failing rapidly, though his brain seems clearer and he is partaking of food.

Luster's confession seems to have cleared his conscience, though he is still under a fearful nervous strain. Since he committed his crime he has lost twenty-five pounds. He has asked for a spiritual adviser and it is believed he will make a detailed confession.

So far it has been impossible to get him to give any motive for his crime. He merely says that he shot his wife.

When arrested Luster was writing in a hotel. The police had been told by the woman of the half world, who betrayed Luster to them, that he had said he would kill anyone who tried to arrest him.

They were very cautious, and while two of them seized Luster before he knew what was coming, a third disarmed him, finding the pistol with which he killed his wife cocked for use in his coat pocket.

The police here knew nothing of the crime until it was tipped off to them by the woman, and if Luster had not talked about it he could probably have hidden here for an indefinite time.

The local police are anxious to have the Kentucky officers come for the prisoner as they fear he will collapse.

Gov. Beckham has issued a requisition on the Governor of Utah for P. J. Luster, under arrest at Ogden and wanted in Guthrie for the murder of his wife.

ALVEY MORGAN

Of Madisonville, Kills His Uncle in Illinois.

Word was received from Woodlawn, Illinois, that L. A. Morgan, of Madisonville, that his nephew, Alvey Morgan, had shot and killed his uncle, Mr. Morgan's brother, at that place, last week.

Alvey Morgan is a young man and tends bar for his uncle, L. H. Morgan, in Madisonville.

The City Council had closed up the saloon for twenty days on the charge that gambling had been carried on there. Young Morgan decided he would make his uncle in Illinois a visit, and went to that State a short time ago.

It seems that the two had a little difficulty when the boy's uncle started at him, it is said, with a pitchfork and was shot and killed by the boy. Self defense is claimed.

Ice Cream Supper

The members of the Epworth League will on Saturday night, August 19th, at the Armory, give an ice cream supper. The proceeds of the supper will be applied to pay off some of the debt of the parsonage. In addition to the ice cream and cake the young people will be allowed to play games and have a good time generally. A cordial invitation is extended to all who wish to attend. Don't forget the date and the place.

FAMILY REUNION

Held at Near Slaughterville—A Portion of Four Generations Present.

The family reunion held at Brick Church, near Slaughterville, Saturday, August 12th, was largely attended by a part of four generations of the Son family, an elegant dinner was spread of fine barbecued meats and bakings, ice cream and lemonade was served and every one enjoyed a pleasant day's outing. Old friends and relations met that had not before for 15 to 20 years. It was a joyful meeting. Those present were:

Mr. Tip Cates, wife and family, of Slaughterville; Mrs. Mary Prather, Mrs. Kizzie Crowley, Mr. Sam Son and wife, all of Slaughterville; Mrs. Jane Beal, of Evansville; Mrs. Sarah Beal, of Howell; Mr. Geo. Kelly, wife and family, of Slaughterville; Mr. Jim Fowler, wife and family, of Earlinton; Mr. Tom Son, wife and family, of Calhoun; Mr. and Mrs. Elijah Grant and family, of Dixon; Mr. and Mrs. J. Galloway, of Rumsey; Mr. Toke Son, of Ashbyburg; Mr. and Mrs. Monroe Phipps, of Slaughterville; Mrs. Jane Frazier and son, of Evansville; Mr. and Mrs. J. C. Son, of Sacramento; Mr. and Mrs. Ed. Beal and family, of Howell; Mr. Gus Qualls and children, Mr. and Mrs. Tom Qualls and family, also Mr. Jno. Jones, all of Slaughterville; Mr. George Hardin, of Henderson, also a large number of relations and family friends whose names were not given.

CHAPTER INSPECTION.

Earlington Masons Confer Degrees on Class at Annual Inspection.

Earlington Chapter R. A. M. had their annual inspection Tuesday afternoon and evening. The inspecting officer was Mr. I. O. Walker, of Paducah. Mr. Walker is resident engineer for the N. C. & St. L. Railroad at that city, having been stationed there the past ten years. All the chapter degrees were conferred on Messrs. Leo Price, of Empire, Hiram Brown, of Crofton, and Wm. S. Matthews, of Providence. A banquet was spread during the evening at which a number of short talks were made by the candidates and others.

Mr. Walker inspected Madisonville chapter last night.

Young People Entertain.

Through an oversight THE BEE failed to chronicle the fact that Miss Mabel Browning and Miss Irene Coil entertained a number of their friends at Finch last week at the residence of Mr. and Mrs. W. R. Coil. Eleven games were played out of which Miss Martha McGary won ten thus securing the championship. Delightful refreshments were served and the young ladies and gentlemen all had a very interesting time as they always do when these popular young ladies entertain.

BURGLARS

Enter the Residence of A. J. Stokes and Secure Pocket Book.

Saturday night between midnight and day some one entered the residence of Mr. A. J. Stokes on Atkinson avenue and removed his pocket book from his trousers containing \$2.50. There were several other articles of value in the house, including watches, but nothing else was taken. There is no clue whatever to the thief.

BLOCKING

TYPHOID

Earlington Health Authorities "Coppering" the Wells—Only Few Cases.

Much Malaria but Little Typhoid Prevailing.

The Earlinton Board of Health and our efficient Health Officer, Dr. C. B. Johnson, have a fine record for prompt action of the right sort in any emergency affecting the health of the people, backed up and assisted as they are always by all the physicians of the city and by the citizens generally.

Just now, for instance, the public wells and several of the private wells of Earlinton have been treated to carefully graduated doses of blue stone, have been "coppered" if you like, or "copperized" if that term suits you better. The object of this treatment is to kill all typhoid germs that may possibly lurk in these well patronized sources of our water supply. There are a few cases only of typhoid here so far this year, a very small number as compared with last year for instance. And in fact the number of cases is comparatively trifling generally here. The cases so far have been, too, of a mild type generally. So that no emergency exists but this action on the part of the health authorities is only precautionary and shows their general alertness and preparedness.

The amount of blue stone administered to these wells is infinitesimal, being but one grain to sixty-five gallons of water. The amount of water in each well is estimated and the chemical put in at the proper ratio. City Engineer Frank D. Rash assisted Drs. Johnson, Nisbet and Sisk in doctoring the wells, the engineer estimating the capacity while the doctors administered the dose.

The Board of Health is made up of Jas. R. Rash, John X. Taylor and Dan M. Evans. Dr. C. B. Johnson was appointed Health Officer upon the retirement of Dr. E. A. Chatten and has served in that capacity since that time.

Chills have been very prevalent here this year and it is noticed that when there is much malaria there is little typhoid.

A Week at Kirkwood Springs.

The following spent last week at Kirkwood Springs:

Mr. and Mrs. A. P. McMullen and family, Mr. and Mrs. Joe Eblen and family, Mr. and Sam Eblen, Mr. and Mrs. Whitley and family, Mr. and Geo. Whitley and family, Mr. and Mrs. Babe Spence and daughter, Zola Roister, Bettie Mae Poole, Ala. Poole, Walter Whitley, Roy Busby, Marvin Roister and Hugh Roister, of Roberts; Mr. Payne, of Providence; Mr. Jago, Madisonville; Mrs. Sights, Marshall, Ky.; Edgar Whitley, of New Baden, Ill.; Mrs. Susie Turner and children and Miss Maggie O'Brien, of Earlinton. Lots of fine music was had. A number of the visitors went to the river and stopped over at Happy Hollow for a few hours.

"Keep in the middle of the road," says a Georgia philosopher, "but watch out for the automobiles of Trouble."

HELD AS MERCHANDISE.

Paper Samples Will Not be Second Class Matter After Sept. 1st.

The post office department has advised postmasters that periodicals mailed at the second-class rates are being made the vehicle or cover for the transmission of samples of paper (merchandise) to the detriment of the postal revenue from matter of the fourth class.

This is accomplished by printing advertisements upon sheets of the paper to which the advertisements relate and attaching them as advertising pages to the periodicals. The effect of this is that actual, tangible exhibits of stocks, such as waxed papers, oiled papers, glazed papers, tissue papers, writing papers, cover papers, wall papers, wrapping papers, etc., are passing in the mails at the rates providing by law for matter of the second class only.

This is an abuse of the second class mailing privilege, the department says, and will not be permitted. On and after September 1 next all publications containing such exhibits of paper will be charged with the fourth class rate, regardless of the fact that such specimens or exhibits purport to be, and are inserted as, "advertisements."

When, after September 1, it can be determined from the advertisement, or the advertisement and the paper taken together, that it is printed upon the stock advertised to the end that the texture, finish, tensile strength, etc., may be examined, it will be held to be merchandise and subject to the fourth class rate, as regardless of the language of the advertisement.

Postmasters are cautioned not to misapply this rule in cases where papers of different color or grade are used for the sole purpose of improving the appearance of advertisements.

Enjoyable Outing.

Mrs. Isaac Davis entertained a few of her friends at Lakeside park Tuesday in honor of Mrs. Huff, of California, and Mrs. Ferris, of Chicago. A delightful dinner and supper were served and judging from the manner in which the good things disappeared before the onslaught of the jolly party they certainly enjoyed themselves. Boat riding and fishing were enjoyed in the afternoon and although no large fish were caught, Miss Effie Teague hooked several small ones and Bryan Hepper caught a bat while casting flies. The party broke up about 8 o'clock and came home by moonlight. The visitors were enthusiastic over the beauties of Loch Mary and her surroundings. Mrs. Huff was a Miss Judson and lived here quite a number of years ago. Her recollection of Earlinton and some of the people were quite interesting.

JIM HOWARD CASE.

Brief Forwarded to Clerk of Federal Supreme Court.

Frankfort, Ky., Aug. 11.—Attorney General Hays today forwarded to the clerk of the Supreme Court at Washington the brief for the Commonwealth of Kentucky in the Jim Howard case. After receiving his sentence of life imprisonment for alleged conspiracy in the assassination of William Goebel, Howard's attorneys carried the case to the Supreme Court on a writ of error. He is now in jail at Louisville awaiting the result of this action.

It Pays to Advertise.

SHORT LOCALS

Mrs. John Larmouth is ill this week.

Mrs. Chas. McPadden, of Barnsley, is very ill of malarial fever.

Mrs. Chas. Miles, who has been ill for several weeks, is improving.

Mr. Chas. Miles, who has been on the sick list for several days, is improving.

Farnsworth & Root have placed new tin roofs on the porches to the residences of Thos. Loustaff and Pete Herb.

Wagon, buggy, surrey and a nice line of Jersey cows with calves for sale or trade for any old thing. W. C. McLeod.

Born, to Mr. and Mrs. P. E. Hawkins on Saturday, August 12th, a fine 11 pound boy. Mother and child are doing well.

Mrs. John Keith, who has been ill of typhoid fever for some weeks, is in a critical condition with slight improvement.

Mrs. Neal Summers, of near Nebo, died Friday of paralysis, and was buried Saturday. She leaves a husband and seven little children.

Raymond Larmouth made this week force a present of a box of nine grapes Friday that were greatly appreciated. Raymond is a nice boy.

Men of character and ability can find permanent employment with the Metropolitan Life Insurance Co. W. W. Miller, Asst. Supt. Office, Main St., Earlington, Ky.

Charlie Webb, who has been very sick with typhoid fever for over a month, is much improved and is able to sit up.

Mr. N. L. Toombs is suffering this week with a case of sciatic rheumatism. His many friends hope to see him improved in a short time.

The Earlington Band had a call to Serramento last week where they filled an engagement to the satisfaction of all concerned.

Mrs. McDonald happened to a painful accident one night this week. She attempted to remove a lamp chimney from a lighted lamp and badly burned her arm.

For Sale.
One full sized lot 60x190 feet. Good building lot in good neighborhood. Will sell cheap. J. E. Fawcett.

The shooting gallery which is being conducted by Mr. Cordys Hale at this place has been moved from South Railroad street to the vacant lot next to W. S. McGary's stable.

The Ladies' Aid Society of the Christian church will spend next Tuesday quilting at Lakeside Park. The gentlemen members and the husbands of the members will join the party at noon. The society now has 43 members.

When you want a physic that is mild and gentle, easy to take and certain to act, always use Chamberlain's Stomach and Liver Tablets. For sale at 25 cents per box by St. Bernard Drug Store, Earlington; B. T. Robinson, Martins Gap; Jno. X. Taylor, Earlington.

Mr. Hiram Brown, of near Crofton, who was one of the class of candidates to receive the chapter degree in Masonry here Tuesday, expects to leave home soon to attend college at Ann Arbor, Mich.

The protracted meeting that has been in progress at the General Baptist church for several weeks, will continue throughout the remainder of this week. It is being conducted by Revs. Dame and John Burdon and considerable interest is being displayed.

Until further notice the hour for evening service at the Christian church changed from 8 o'clock to 7:30. Subjects for next Sunday: "The Educational Power of the Sunday School" and "Jehoiakim's Penknife."

Herbina
Renders the blood more fluid and thus helps the bile to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headache, and over-indulgence in food and drink.

G. L. Caldwell, Apt. M. K. & T. R. E. Cincinnati, Ind. Ter. writes, April 18, 1905: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and had given up all hope of being cured, when my druggist advised me to use Herbina. It has made me sound and well." Sold by St. Bernard Drug Store.

Sam Ingram shot off a handsome diamond ring Wednesday said to be worth \$125.00. Ben Lacy was the lucky man and is not proudly wearing the diamond. This ring would make a splendid engagement ring and will likely be used for this purpose in the near future.

Mr. and Mrs. W. S. McGary and Mr. and Mrs. H. L. Browning contemplate erecting tents in the yard of Mr. Browning's residence on Bald Knob hill and camping out a few days, where they will try the open air treatment for increasing the appetite.

The Barnsley union church will soon be in comfortable shape for occupancy. The second story of the public school building has been fixed up and new seats are being made, for the use of the churchgoers. Money has been raised with which to paint the house. The church room will be occupied by all the denominations. John B. Moore, of Barnsley, is one of the active workers in this movement.

A telegram received Tuesday from Walter H. Finley, of Aptontey, Tenn., announced that Mrs. Finley is ill of a slow fever and asked that Mrs. mother, Mrs. William F. Burr, come to her. Mr. Burr returned from a visit to Aptontey last Friday night. Before he left Mrs. Finley had a chill and it is thought her fever is of malarial type. Mr. Burr was much improved by his stay in the Sequatchie Valley.

Party nominees for the office of County School Superintendent in Kentucky have, many of them, taken advantage of the opportunity to be examined for State certificates. Prof. M. A. Cassidy, of the State Board of Examiners, announces the names of a number of successful applicants, among whom is that of A. J. Fox, of White Plains, the Democratic nominee for Hopkins county.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, Ohio.

Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

A partial eclipse of the moon was observed here on last Monday evening. The moon entered the shadow about 9:30 o'clock and remained dark until 11:30 o'clock, being in a darkened state about two hours. The eclipse was visible in both North and South America, but is invisible to Europe, and will be the last one this year except a partial eclipse of the sun, which will be on the morning of Aug. 30.

The B. Y. T. U. of Madisonville, will spend the day at Lakeside park Friday and have dinner on the ground. Lakeside park is rapidly becoming one of the most popular resort in this end of the state and hardly a week passes that a gay party from Madisonville, Evansville or Howell do not use it. There is no more beautiful spot on the face of the earth than Loch Mary and the park for an outing party either on a picnic, fishing or boating trip in summer and for skating in winter.

Testifies With Pleasure.
Good evidence: "With pleasure I testify to the merits of Hughes' Tonic as a remedy for chills and fever. I recommend it, and in no case have I known it to fail, even in the most obstinate." Sold by Druggists—50c. and \$1.00.

PREPARED BY ROBINSON-PETTER CO. (Inc.) Louisville.

Watt Harden Sisk, a deaf mute who lives near this place, was in the richland country last week and spent the night with Mr. and Mrs. Bernard Williams who are also deaf mutes. During the night a storm came up and there was a severe electrical display, the lightning striking a tree in which chickens were roosting and injuring a rooster and two hens and killing one small chicken. A large amount of chickens were knocked from the trees. This is the first time in record that chickens were known to be struck by lightning.

Lost
One setter dog, female, dark color with two red spots on face. Will give reasonable reward for return to me. EUGENE MORAN, (colored) Earlington, Ky.

DR. MOFFETT'S TEETHINA
(TEETHING POWDERS)
Cuts Only 25c at Druggists, or mail 25c to C. J. MOFFETT, M. D., St. Louis, Mo. **Don't Hesitate no longer, but save the health and life of your child, as thousands have done, by giving these powders. TEETHINA is easily given and quickly counteracts and overcomes the effects of the summer's heat upon teething children.**

Is It Your Own Hair?

Do you pin your hat to your own hair? Can't do it? Haven't enough hair? It must be you do not know Ayer's Hair Vigor! Here's an introduction! May the acquaintance result in a heavy growth of rich, thick, glossy hair! And we know you'll never be gray.

At a time that Ayer's Hair Vigor is the most wonderful hair-grower that was ever made, I fully say that I am greatly pleased with it. I cheerfully recommend it as a splendid preparation."—Miss V. Bunker, Wajland, Mich.

Made by J. C. Ayer Co., Lowell, Mass. Sold everywhere.
Ayer's PILLS.
SARAPARILLA, PILLS, CHERRY PECTORAL.

PERSONALS

Claud Morton, of Madisonville, was in town Friday.

Miss Imogene Cox visited friends in Madisonville Saturday.

Mr. and Mrs. O. S. Bonham, and children, who have been visiting relatives in Tennessee for several weeks, returned home Friday night.

Mrs. Ed. Rule and son, Curtis, visited friends in Madisonville Friday.

Mrs. Wicks, of Mantion, visited Miss Annie Stone last week.

Artie Whitfield visited Margaret Kemp Saturday.

Dr. Will Ross, of Madisonville, was in the city Saturday.

Mr. and Mrs. Evan Robinson, of Pittsburg, Kans., are visiting friends in Earlington.

Earl Ston has returned from a week's visit to friends in Allensville, Ky.

Bryan Hopper visited home folks in Hopkinsville Sunday.

Mr. C. T. Martin and daughter, Miss Mabel, visited relatives in Mahlenberg county Sunday.

Maj. F. B. Harris, of Mortons Gap, was in the city Tuesday.

Miss Bonnie Pritchett, of Madisonville, visited Miss Richie Stone Sunday.

Mr. and Mrs. Jno. Longstaff, of Guthrie, accompanied by Miss Clark, of that place, visited friends and relatives here Sunday.

Mr. and Mrs. Walter Daves spent Sunday in Madisonville.

Mrs. Strother Hancock visited in Madisonville Monday.

Mrs. Walter Wright and Mrs. Dick Salmon, of Hefley, have gone on a visit to Mammoth Cave.

Miss Effie Burdon and Mr. Louis Bolling, of Evansville, Ind., visited friends at this place last week.

Miss Ayia Wises, who has been visiting Misses Ada and Zedie Burdon, of this place, returned to her home in Evansville, Ind., last week.

Mrs. John Slattery and children, of Hopkinsville, is spending this week with her sister, Mrs. Frank Dennis.

Mr. Thos. O. Long has returned from several days trip in McLean county.

Mr. Wm. Lacy, of St. Charles, was in the city Monday visiting his sister, Mrs. Jno. Larmouth.

Misses Alpha and Gertrude Beal, of Howell, are spending a few days visiting relatives in Slaughter.

After attending the picnic Mrs. Jane Beal, of Evansville, is spending a few days at Slaughter with her grandchildren and son-in-law, Mr. Guy Qualls.

Mrs. Susie Turner, Miss O'Brien and Maggie and Lawrence Turner have returned from a week's outing at Kirkwood Springs, a pleasant resort in this county.

Miss Ida Brown, of this city left Saturday for Nashville, Tenn., where she will visit friends, and will then go to Columbia, Tenn., for a short visit.

Mr. and Mrs. T. W. Hill and daughter, Mary, spent Sunday with friends in Barnsley.

Mrs. Harriet Browning, who has been visiting in Central City a day or so, has returned to Earlington.

Cures Cholera Infantum, Diarrhoea, Dysentery, and the Bowel Troubles of Children of Any Age. Aids Digestion, Regulates the Bowels, Strengthens the Child and MAKES TEETHING EASY.

Mrs. Littlefield and children and Miss Price, who have been visiting friends here several days, have returned to St. Louis.

Miss Joe Fitzgerald, of Mortons Gap, who has been the guest of Miss Maude Gough a few days, has returned home.

Miss Ethyle Renshaw, of Hopkinsville, who has been visiting Miss Beatrice Casler, has returned home.

Mr. E. N. Cayce, of this city, left Wednesday for Hopkinsville to visit relatives a few days. He expects to leave in a few days for California.

Carl Kohlman, a popular young man of Madisonville, was in Evansville Sunday.

Judge Cowell, of this city, was seen on the streets on Madisonville Monday.

Miss Effie Stokes, who has been visiting in Nashville a few days, has returned home.

Miss Addie Todd, of St. Charles, and Miss Meta Groves, of Greenbrier, Tenn., are the guests of Miss Maggie Mitchell this week.

Mr. and Mrs. W. S. McGary and H. L. Browning were in Madisonville Sunday.

Mrs. Huff, nee Miss Lennie Judson, of San Francisco, Cal., is here this week visiting old friends. It has been 23 years since she was here last.

Mrs. Ferris, of Chicago, is visiting Mrs. Amanda Walker this week.

Mr. and Mrs. Harry Corey and little girl left Thursday for a trip to Atlantic City. They expect to be gone several days.

Thurman Radd was in Hanson this week.

Misses Amelia and Nettie Hanna and Frances McElfatrick went to Madisonville today shopping.

Mike Hanna, Sr., made a business trip to Henderson this week.

Mrs. Susie Long made a business trip to Madisonville today.

Mr. Elmer Wilson and daughter left today for Roberts on a visit to friends.

Mrs. Peyton carried her little girl to Madisonville today to consult an oculist.

Miss Mollie Allen, of South Fork, Ky., says she has prevented attacks of cholera morbus by taking Chamberlain's Stomach and Liver Tablets when she felt an attack coming on. Such attacks are usually caused by indigestion and these Tablets are just what is needed to cleanse the stomach and ward off the approaching attack. Attacks of bilious colic may be prevented in the same way.

For sale by St. Bernard Drug Store, Earlington; B. T. Robinson, Mortons Gap; Jno. X. Taylor, Earlington.

FAMILY REUNION
Held at Lakeside Park Friday—Every One had a Big Time and Plenty to Eat.

Jno. T. Barnett and a party of friends and relatives assembled at Lakeside park Friday and spent the day. Dinner and supper were served in the open air and the participants did full justice to the lavish spread. The Hecla string band furnished the music and they all had a jolly good time. The following were present:

Mrs. Eva Littlepage and two children and Miss Blanche Price, from St. Louis; Mrs. Annie Lindsey and three sons from Madisonville; Mrs. Mary Barnett and two sons from Evansville; Arthur Barnett, Charlie Barnett and wife, Mrs. Mary Lynn and two children, Mrs. Maud Lynn, Mr. and Mrs. Henry Jones, Miss Charlie Jennings, of Hecla; Mr. and Mrs. Lee Oldham and children.

Cures Sciatica.

Rev. W. L. Ryle, L. L. D. Cuba, Nev. W. L. Ryle, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation. 25c, 50c, \$1.00." Sold by St. Bernard Drug Store.

Captain and Crew Safe.

North Sydney, Cape Breton, Aug. 16.—Word has been received that the vessel was captured off L'Anse-au-Loup, near Port Morison, on this island.

TELEPHONE GROWTH.

JAPAN'S TERMS

Twelve Demands Made Upon Russia By Her Victori- ous Enemy.

First of All, Russia Recognized
Japan's Preponderance
in Korea.

SIMMERED DOWN, THAT WAS WHAT THE WAR WAS ABOUT

Indemnity, Cession of Territory, and
the Settlement of the Military
and Naval Status of Harbin, is
the Far East Are the Clauses On
Which the Discussion Will Draw
Unless No Break Occurs, the
Conference Will Last Until the
Middle of September.

The peace overtures of Russia and
Japan met at Portsmouth, N. H., Au-
gust 10. The Japanese presented their
terms, which are understood to be:

1. Recognition of Japan's preponderance of influence in Korea.
2. Cession of Russian-Chinese railway from Port Arthur to Harbin.
3. Transfer of authority over Port Arthur and Liao Tung peninsula.
4. Cession of Saghalien.
5. Granting of fishing privileges at the mouth of the Amur.
6. The evacuation of Manchuria.
7. The granting of commercial privileges at Vladivostok.
8. The transfer of interest warships.
9. Limitation of Russia's naval strength in the far east.
10. Remuneration for the cost of the war.
11. Recognition of the independence of China.
12. Return to China of Russian mining privileges in Manchuria.

The Russians objected to some of them, particularly the 4th, 5th, 8th, 9th and 10th, which was made known to the Japanese by the Russians on August 12.

Instead of coming back at the Russian with a declaration that the military government would insist on the terms as originally laid down, the Japanese told the Russians that they were prepared to go into the merits of the propositions submitted.

It was at this point that the crisis was passed.

The first term was taken up and discussed on Monday, August 14, and agreed upon.

Japan's preponderance of influence in Korea practically a protectorate.

There was very little question from the beginning as to Russia's submission to the Japanese demand for sovereignty over Korea.

THAT WAS WHAT THE WAR WAS ABOUT.

The next term, and agreed to on the same day, was:

Troops of both warring powers to evacuate Manchuria, the province to be returned to China and the "open door" to prevail. The Chinese Eastern railway south from Harbin is ceded to China, leaving Japan's interest therein to be settled by China and the military government.

And then this important understanding of the integrity of the Chinese Empire.

Thus the most important of the terms were taken up first and disposed of. The envoys may take less time with the others, although it is certain that they will each be fought out inch by inch, with each nation struggling for the advantage in word and phrase.

It is no breach of confidence, now that the trend of events makes the ultimate outcome so sure, to say that in Washington the information was secured days ago, that, quite informally, but none the less positively, it was established that the belligerents would not meet and the conference would not be arranged until it was certain that the result would not be abortive.

Indemnity, cession of territory and the settlement of the military and naval status of Russia in the far east are the present clauses on which the discussion will drag.

There will be all sorts of collateral suggestions injected into the conference by the verbal exchanges, but the outlining by the Japanese will be followed in order, and the framing of the exact language of the treaty, while a tedious and involved process, will be one which only the element of time and the application of patience will need to solve. Whatever may be said about the relative schools of diplomacy of the two nations interested, it is certain that none of the usual evasions and resorts to dilatory tactics, need be exchanged here.

The diplomatic exchanges which preceded actual hostilities turned upon the question of Russia's aggression in the direction of the Korean peninsula. When Japan decided to fight it was for her rights in Korea, and she alone is to construe what these rights are. In her construction they are a limited protectorate over Korea, which, as every body realizes, will be in effect absolute sovereignty, no matter what the wording of the protocol to be signed or of the final terms of peace.

Grand hall given in Manila for Miss Roosevelt.

DR. SVEN HELDIN'S WORK.

Though Still Young, He Has Done Enough For a Lifetime.

Dr. Sven Anders Heldin, the Swedish physician and explorer who has written to Sweden in America urging them to raise \$5,000,000 for the increase of the naval defenses of Sweden, is an ardent patriot, and he has reason to feel grateful to his country and its government, for his work in behalf of science was made possible by the generous aid King Oscar and the Swedish riksdag have extended him. An alliance with the Swedes in America "is the only Scandinavian alliance we Swedes at home can think of," he says.

DR. SVEN ANDERS HELDIN.

He was born in Stockholm in 1865 and educated at Stockholm, Upsala, Berlin and Halle, at the university of the latter city receiving the degree of doctor of philosophy. In 1885 he undertook a journey of exploration in Persia and Mesopotamia.

In 1900 King Oscar sent an embassy to the late shah of Persia, and Heldin was a member of the party. The next year he made a journey through Khurasan and Turkistan. A dozen years ago very little was known about the mysterious land of Tibet.

In 1900 Dr. Heldin set out on a trip from the Russian frontier to Peking through a portion of Tibet and the Lohor region. His accounts of his experiences, which were quite adventurous, and of his scientific observations, which were of much value, excited keen interest and led to his undertaking in 1900 another expedition to the same region. This time he had a large caravan, was backed by King Oscar and had the aid of the earl of Russia and the special assistance of General Kurapatkin. He devoted three years to gathering material regarding the geography, geology, ethnology and plant and animal possessions of the regions explored. He learned much about Tibet, though he was not permitted to enter Lassa.

ASPIRES TO A THRONE.

Prince Charles of Denmark, Who Wishes to Be King of Norway.

Prince Charles of Denmark, whose aspirations for the vacant throne of Norway are favored by Emperor William of Germany, is the second son of the crown prince of Denmark. He is thirty-three years of age and is three years the junior of his wife, who is the Princess Maud, third daughter of King Edward VII. of England. As a

PRINCE CHARLES OF DENMARK, girl she was very popular with the English public and has always had inclinations to be unconventional and democratic. Her marriage to Prince Charles occurred July 22, 1896, and a son was born to the royal couple on July 2, 1903.

On his marriage to Princess Maud the young man chose to remain in the Danish throne received a settlement of \$2,500,000 on his wedding gift and a splendid residence in Copenhagen. His mother was an only child of the late Charles XV. of Sweden and Norway, and his grandmother was Princess Louise of the Netherlands, daughter of the late King of the Netherlands.

The Sins of the Parent FREQUENTLY FALL UPON THE CHILDREN

Especially terrible does it seem that children should be born into the world—as they frequently are—having in their little innocent bodies the germs of Specific Blood Poison, or, more frequently, Scrofula, which, as a rule, the result of Specific Blood Poison in some ancestor. It would be an outlook almost too intolerable to contemplate if such scourges as scrofula and other forms of blood poisoning were incurable.

Yet for long centuries these diseases have baffled the most skillful medical science.

Men and women in the past have resorted to cures for these diseases which were almost as obnoxious and dangerous as the disease itself.

The taking into the system of mercury and other mineral drugs cannot be too strenuously condemned and avoided in such cases.

That a cure, absolute and sure, can be effected is evidenced by the following letter, telling of the result of taking

FOERG'S REMEDY

To Whom It May Concern:—

We have two little twin girls that were badly afflicted with Scrofula. After trying three of the best doctors we could employ they continued to get worse all the while. I was advised by a friend to try Foerg's Remedy, so I procured one bottle, and it has cured them sound and well. This was four years ago, and no sign of return, so I cannot say too much for this medicine, for I think it the best blood medicine in the world.

This is a true copy of statement sent by Mr. Courtney, and is on file in our office.

Don't delay, but go to your druggist and get a bottle. If your druggist does not handle this remedy send us \$1.00 for one bottle or \$2.00 for six bottles, with our absolute guarantee or money refunded by druggist or this company in full. All packages sent in plain wrapper. All correspondence strictly confidential.

COLORED COLUMN

EDITED BY J. H. GOUGH.

The entertainment at the C. M. E. church Saturday night was well attended and very successful.

Miss Lizzie Osborn visited friends in Henderson last week, returning home Monday morning. She reported a pleasant stay.

Rev. Weathers, the pastor of the C. M. E. church, filled his appointment Sunday. Good congregation was in attendance.

Mrs. I. E. Edmondson returned home Wednesday night from an extensive visit to friends South.

Mrs. Pet Higgins is still very ill and seems not to improve any.

Mrs. Rosie Boggers is still improving and if continues well soon be out.

Mrs. Hulda Hargraves returned home from Dawson Saturday, where she had spent the week with a fishing party.

Mrs. Lena Johnson is improving. Messrs. Abe and Thomas Osborn were on the sick list last week, but able to present to resume work.

The anniversary of Gough's Tabernacle is in session this week at the church. Will close on Saturday night with a big tacky concert given by Mrs. B. E. Childers. Remember, everything will be tacky, singing, speaking, reading, spelling and drills. You will miss the chance of your life for a hearty laugh is yours this time.

The dedication of the A. M. E. Zion church will be the first Sunday in September by Rt. Rev. G. W. Clinton, D. D., of North Carolina. Fifty select voices will render music for the occasion. Come out and witness this affair. The pastors and their congregations of the city are especially invited. The dedication will take place at 2:30 p. m. See program soon.

Mr. and Mrs. Alfred Patterson, of Morton Gap, have moved to Earlington.

Mr. Ed Holland and family visited Dawson Sunday.

Rev. Douglas will preach at the A. M. E. Zion church Sunday at 2:30 p. m. Every person is invited to come to the age rally. Every person giving one cent for each year of their age will receive an anniversary number free of charge. Get your envelope at once, before Sunday.

The many friends of Mr. Robert Starks were pained to learn of his sad death Monday, which occurred in Columbus, Ohio. Mr. Starks was well thought of and had not been away from Earlington more than a month. He was very prominent in Earlington society.

Be sure to attend the concert Saturday night, so you can enjoy a big laugh. It's worth its weight in gold.

HECLA NEWS-COLORED.

Fly Run.

Whitson Eaves made a fly run on the 2nd of this month. He cut 260 feet, with a 100 lb. weight, and on the 3rd he cut 201 feet, which were nine runs. There is no doubt that What is the best machine man in the State of Kentucky. This run fared two shifts and has never been beat. Wages was \$18.50. Whitson Eaves was the machine man and Theo. Gaither the hostler.

Rev. N. Mitchell, of Madisonville, preached for Rev. J. C. Douglas Sunday morning and night, to the delight of his many hearers.

Some people in our community have no brains enough to have the headache, still they call themselves deacons in the church and leaders of the people. We hope that some day they will learn better.

Rev. Mitchell and Mr. Ben Bradley, of Madisonville, were the guests of Mr. Samuel Hayes Sunday.

The baseball boys played Barnsey last Sunday. Score was 19 to 16 in favor of Barnsey.

Miss Estella Kaves spent Saturday and Sunday in Morton's Gap visiting relatives.

Miss Lena Love, of Nashville, was here last week shaking hands with her many friends.

Don't forget the big picnic the 10th. We are going to make this one of the grandest that ever was in Hecla yet. Don't miss it.

Rev. J. C. Douglas will preach in Hecla Sunday, August 23, at 2:30 p. m. Rev. J. H. Gough in his age rally. Let the people of Hecla go over and help.

MORTONS GAP NEWS-COLORED.

Our Sunday school is getting along nicely. Thirty-eight enrolled last Sunday. Welcome address by J. B. Hall.

Mrs. Mary Patterson's funeral will be attended at Nortonville the second Sunday in next month.

Those on the sick list are Mr. Clay Armstrong and Mary Bass.

Mr. Alfred Patterson has come to Earlington to make it his future home.

The S. M. T. will give a supper at the hall Tuesday night.

There was a social given at Mr. E. Vaughn's in honor of his son, who came back from Zeigler to spend a short time and will leave Thursday.

Misses Corrie L. Martin and Birdie L. Graves will leave soon for Indianapolis, Ind., to spend the winter.

Miss Ida Shender was accompanied last Saturday night by Corrie Martin, Jno. L. Yates, Birdie Graves, Lawrence Vaughn, Hallie Martin and Walter Johnson.

Miss Birdie Dromen, of Crofton, is visiting Mrs. Armstrong.

Ten days meeting started at the C. M. E. church Sunday by Rev. Irwin.

Belle Pointeater is visiting in Clarksville this week.

Robert Murphy is running a machine in Morton's gap.

Mr. P. H. Martin went to Evansville Sunday on business.

BIG TOWBOAT SINKS.

Joe B. Williams Went Down Near Golconda, Ill.—Damage \$10,000.

Paducah, Ky., Aug. 10.—The steamer Joe B. Williams, one of the coal combine's largest towboats, struck a log six miles below Golconda, Ill., this afternoon and sank, having about 6 feet of water over her boiler deck.

The hole in her hull is about 40 feet, but she can be raised. The Williams was going up with a big tow of empties, for Louisville.

The officers and the crew of the Williams escaped. It is estimated that the damage to the boat is \$10,000. The Williams is valued at \$50,000, was built in 1876 and rebuilt in 1903.

Eclipse of Sun on August 30.

People rising at 5 o'clock on the morning of August 30th, and trying to see the sun, will find the moon in the way. The eclipse will only be partial here, and can be seen better with the aid of smoked or colored glass. Half of the sun will be observed when it rises and the dark shadow will grow until a bright crescent is seen, then the shadow will recede, and by 6 o'clock the disc will be clear again.

Before the sun rises on the Rocky mountains, or, more accurately, before the earth turns around in its constant west to east rotation far enough for the people on the Rockies to see the sun, the moon will have passed out from behind the earth and the sun, and the eclipse of 1905 will be over. Northern Spain and Canada hold the luck spots this time, where the eclipse will be total, because the angles of vision will be just right there. Universities and astronomical societies all over the world will send expensive expeditions to these places, and continuous photographs will be taken, for a total eclipse never lasts over six minutes, and this one lasts only three.

Violent Attack of Diarrhoea Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy and Per-haps a Life Saved.

"A short time ago I was taken with a violent attack of diarrhoea and believe I would have died if I had not gotten relief." says John J. Patton, a leading citizen of Patton, Ala. "A friend recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I bought a twenty-five cent bottle and after taking three doses of it was entirely cured. I consider it the best remedy in the world for bowel complaints."

Shouse & Bros. EVANSVILLE, INDIANA
Main & Second Streets

THESE are days of simplifying and systematizing in all kinds of work. The printing office bears frequent proof of improved methods and new systems for making original records in a thorough and labor saving manner. There is no excuse for making two strokes of the pen where one will do, especially where one will do better, as is the case in most instances where the new systems are introduced. The printing office is the distributor of news and of indispensable publicity for the merchant, the manufacturer and the business man. It is also the originator many times and the manufacturer always of labor saving forms that help the business man to greater time economy and a better profit. The BEE has a good record in the production of this class of work and stands ready to serve new customers. Look over your business methods and see if you cannot economize the labor of your office by a change of methods and the introduction of new forms adapted especially to your needs. Then call in the aid of The Bee Printery to execute your ideas. We will make just what you want and there will be nothing to complain in workmanship or material, which we will take pleasure in adapting to your particular use.

CAN'T STAND PROSPERITY

A Political Revolution Seems to Be
Impending in Cuba.

Outs Threaten, If They Don't Get
In, to Use Something Be-
sides Bullets.

Chicago, Aug. 15.—The Tribune prints a Havana dispatch stating that a political revolution is impending in the island republic. The Spanish business element in Cuba, especially the old merchants, who know the Cuban character, because of their long ex-
perience here, predict trouble. Some are disposed to rejoice, for they never have had any faith in the ability of the Cubans to govern themselves and they believe that.

At the first sign of serious trouble, the United States will return to the island.

Then in the future, they say, commercial interests will be safely guarded.

Other Spanish interests regret the appearance of trouble on the political horizon because of the great injury that may follow to business.

While the bitter feeling between the liberal and moderate parties has been recognized generally as a sort of powder magazine around which Cuban politicians have been playing with torches, the real seriousness of the situation was not realized until the incendiary declarations of Jose Miguel Gomez, presidential candidate, who was named in opposition to Rafael Yaguez, who openly said that he did not propose to obey the mandates of the supreme court. Everyone then realized that the situation was grave.

The next astonishing thing in connection with these observations of Gomez, is the fact that the vice-presidential candidate, Senator Alfredo Zayas, leader of the radicals in the senate and one of the best educated and best-known leaders in Cuba, unhesitatingly and unqualifiedly approved of everything Gomez says. He practically said that if his party does not win in this election they will appeal to "something else besides the ballot."

IN THE HANDS OF A RECEIVER

Frederick Esen Appointed Receiver
of the People's United
States Bank.

St. Louis, Aug. 15.—Frederick Esen, of Clayton, has been appointed receiver of the People's United States bank by Judge McElhinney of the St. Louis county circuit court.

Esen is a prominent republican politician, conceded to be the most powerful in the county, and publisher of the St. Louis County Watchman-Advocate.

His bond as receiver was placed at \$1,000,000.

Upon announcement of the appointment, the bank, through its attorney, Judge Barclay, filed two motions, the first to vacate the appointment of Esen as receiver, the second appealing from his appointment by Judge McElhinney.

The directors of the bank, at a meeting, had decided upon liquidation without a receiver and to continue opposition to a receivership.

In announcing the receivership order, Judge McElhinney said that owing to peculiar conditions surrounding the bank, he believed a receiver would be in a better position to wind up the bank's affairs than the board of directors.

FAMOUS OLD COMANCHE DEAD

Indian Who Guided Leavenworth,
and to Whom Having Presented
a Medal, Passed Away.

Denison, Tex., Aug. 15.—Sank Komah, a Comanche Indian, died at the age of 109 years, on the Canadian river.

He was a guide to General Leavenworth and Catlin, the latter travelers, when they visited the Comanche nation about seventy years ago.

Washington Irving presented a silver medal to him at Fort Gibson, I. T.

Foley's Honey and Tar
heals lungs and stops the cough.

Died at St. Louis.

Mr. Wm. Hastings McClintich, of 1313 Market street, St. Louis, Mo., died at his home in that city Wednesday after an illness of several weeks with phthisis. The deceased was a son-in-law of Mr. and Mrs. Harvey Graham, of Howell, to which place the remains were conveyed after being brought here on No. 53 this morning. Interment will take place at Earlington cemetery today.

Leaves Estate of \$44,000.

Paducah, Ky., Aug. 15.—The will of the late H. A. Rose, who was killed by H. H. Loving a few days ago here, was filed this afternoon. His estate is left to his daughter, Iona Rose, aged six. The estate is valued at \$44,000, being mostly insurance policies.

On Wednesday night, August 10th, a party of nine ladies and gentlemen from Howell Lodge of the Supreme Tribe of Ben Hur, visited our city and were delightfully entertained at supper by Mr. and Mrs. J. H. Warner and Mr. and Mrs. J. S. Hancock. After supper they assisted in the initiation of a class of fifteen ladies and gentlemen into Earlington Chapter of Ben Hur, following which delightful refreshments were served. The visitors were Mesdames Mike McGlynn, Will Bowers, Fred Schmalz, Tom Harper and Miss Gustaf Hufnagel; Messrs. Z. L. Wolfe, J. K. Sebastian, Geo. Hugo and Tom Harper.

Birthday Party.

Little May Owen, aged six years, gave a birthday party to a number of friends Wednesday afternoon at the residence of her parents on Atkinson avenue. After playing a number of games refreshments consisting of ice cream, cake, candy and watermelon were served. All present had a delightful time.

To be Hanged at Edmonton, N. W. T.
Ottawa, Ont., Aug. 15.—Charles King, an American, will be hanged at Edmonton on August 31. King was convicted of murdering an English prospector named Hayward at Lesser Slave lake, N.W. T., last fall. King came from one of the Dakotas.

Baptist Convention Postponed.
Memphis, Tenn., Aug. 15.—A Commercial Appeal special from Helena, Ark., says the announcement will be made that the meeting of the National Baptist convention, which was to have been held at Chicago September 15-17, has been postponed until October 2.

He Removed to Kentucky.
Kansas City, Mo., Aug. 15.—At a meeting of the directors of the National Real Estate association, Tuesday, it was decided to remove the headquarters of the organization from Des Moines, Ia., to Kansas City.

Lands Restored to Entry.
Washington, Aug. 15.—The president has modified his proclamation of the 5th instant, withdrawing from entry certain lands in the Uintah Indian reservation, and has restored about \$5,000,000.

King to Take the Cure.
London, Aug. 15.—King Edward has departed, bound for Marienbad, where he will take the usual cure.

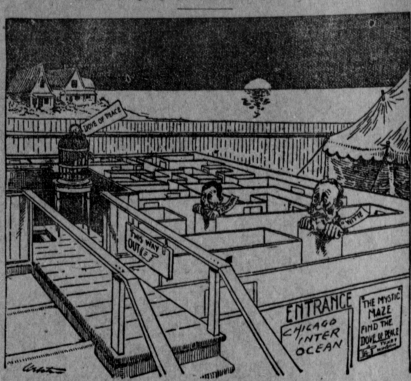

On Account of Yellow Fever.
Austin, Tex., Aug. 15.—Texas will have no mobilization of state troops this year. The encampment called for August 15 in this city, was called off on account of the yellow fever.

THE MYSTIC MAZE AT PORTSMOUTH.

THE SUFFLOWER GOVERNOR'S TALK

Went to Chicago, and Began Giving
His Opinion the Moment
He Arrived.

**SAYS JEROME IS A JOKE—
LAWSON TOLD NOTHING NEW**

Declares that La Follette of Wisconsin is a Disappointment, and That Joseph Wignate Folk is the Best Governor Missouri Can Ever Hope to Have.

Chicago, Aug. 15.—When folks go to Kansas hereafter to talk in public on the stage they will take their manners with them, and whatever sense of fitness and decency they possess. For they will know that Gov. Edward W. Hoch will have his eagle and argus eyes both trained on them and his ears as wide open as a Kansas jack rabbit.

The governor came into Chicago and began to talk the minute he arrived. William Travers Jerome was his theme.

Just listen to This!

"Jerome came to Kansas City," said the governor, "and he violated all rules of courtesy and conventionality in his speech before the Knife and Fork club by virtually attacking Lawson when Lawson was the principal guest and he (Jerome) was only secondary. Then he attacked Gov. Folk. Then he came over into Kansas and continued with his sarcasms. HOWEVER, WE ARE WILLING TO ACCEPT IT ALL AS JOKE FOR THAT'S WHAT WE JEROME HIMSELF APPEARS TO BE. But, even considering him as a joke, I must say he has a very queer notion of the proprieties."

Tom Couldn't Show Them.

"Tom Lawson came to Kansas and told us something we knew more about than he did. He certainly didn't tell us anything new, and, as I look at it, he didn't cut a very wide swath in the short grass of the old country. The most he did was to stimulate interest."

La Follette a Disappointment.

"Gov. La Follette came to Kansas and disappointed the people. We thought he was going to talk about public questions of high moment, but he gave us his lecture on 'Hamlet,' which, although a work of art and a thing of joy forever, was not just what the people of Kansas WANTED."

"Gov. Folk I admire, and when I admire a man it means that I believe in him and his capabilities. He is a democrat, but he is a man, and the best governor Missouri can ever hope to have."

ROCKEFELLER "MONEY MAD"

"Is His Madness That He Has Bitten Off Tens of Thousands of Men"—Bishop Follows.

Princeton, Ill., Aug. 15.—Bishop Fellows declared in a sermon before the Chautauque here, that John D. Rockefeller is "money mad," and calls upon him to repent. He said:

"IN HIS MADNESS THIS MAN HAS BITTEN OFF TENS OF THOUSANDS OF MEN."

"There are insane persons and criminally insane characters. To which class of money mad people does Mr. Rockefeller belong?"

"From being a red-handed murderer by law, St. Paul went to the front rank as a benefactor of mankind. Let Mr. Rockefeller do the same."

Mysterious Death of Texas Woman.
Manchester, N. H., Aug. 15.—Mrs. R. Hartman, wife of a farmer, was found dead in the woods four hours after leaving her home to visit a neighbor. The cause is shrouded in mystery.

Mar Admiral Benjamin Dead.
Washington, Aug. 12.—The death of Rear Admiral Benjamin F. K. Benham, retired, at Lake Placid, N. Y., is reported to the navy department here as a member of the Shelby court of inquiry.

On Account of Yellow Fever.
Austin, Tex., Aug. 15.—Texas will have no mobilization of state troops this year. The encampment called for August 15 in this city, was called off on account of the yellow fever.

On Account of Yellow Fever.
Austin, Tex., Aug. 15.—Texas will have no mobilization of state troops this year. The encampment called for August 15 in this city, was called off on account of the yellow fever.

On Account of Yellow Fever.
Austin, Tex., Aug. 15.—Texas will have no mobilization of state troops this year. The encampment called for August 15 in this city, was called off on account of the yellow fever.

BURIED 50 INDIANS ALIVE

With Earth and Stones.

Victoria, B. C., Aug. 15.—A special from Spencer's Bridge, B. C., says fifty Indians were buried alive by a landslide half a mile west of here, but as a Canadian express, east-bound, was passing the spot. The passengers were horrified at the sight of a large portion of the mountain on the north side of Thompson river slipping down the stream.

Directly in the path of the landslide was an Indian rancheria. People with about fifty or sixty Indians. Before the eyes of hundreds of the passengers the victims suddenly were overwhelmed. Earth and stones dammed the river bed 40 feet high and a quarter of a mile wide. On the arrival of the train a relief party was formed.

Few of the bodies, shockingly mangled, were found on the edge of the landslide, but most of the victims were buried foot deep. It is estimated that nearly fifty are dead.

WOMAN KILLS A FARM HAND

Found in Her Home, She Strangled
Him With Bullets and Cut
His Throat.

Kushville, Ind., Aug. 15.—Norman Cook, about 40, was killed by Mrs. Wesley Bankert at the home of the latter, six miles from this place. Cook went to the farm home of the Bankerts, where he formerly worked, obtaining entrance, the family say, without their knowledge. Bankert heard shooting upstairs, and, going to investigate, found his wife shooting at Cook. She also had cut his throat. Bankert took the pistol from his wife, but she went to an adjoining room and procured another. Returning, she fired five more shots into Cook's body. Cook lived three hours, but made no statement of the shooting. No explanation of the affair is given by the Bankerts. The sheriff arrested both Bankert and his wife.

M WITTE'S JEWISH VISITORS.

Conference on the Subject of the
Treatment of Jews in
Russia.

Portsmouth, N. H., Aug. 15.—A free exchange of views on the subject of the condition and treatment of the Jews in Russia was had in a conference between Mr. Witte, Baron Rosen and Oscar Stuss, Jacob H. Schiff, Isaac N. Seligman and Adolph L. Lewinsohn, of New York, and Adolph Kraus, of Chicago. The statement was made by the delegation calling on the Russian plenipotentiaries that nothing tangible resulted from the discussion, but future benefit was looked for. The financial condition of Russia was not mentioned in the discussion, and was not suggested as a topic of discussion, according to Mr. Kraus.

WRECK ON NICKEL PLATE

Twelve Killed and Twenty-Five
Injured—Majority of Killed
Italian Laborers.

Cleveland, O., Aug. 15.—A fast east-bound passenger train on the Nickel Plate collided with a west-bound freight train near Kishwaukee, O., resulting in the death of twelve people and the injury of about twenty-five others.

Charles W. Pool, of Conneaut, O., engineer of the passenger train, and Alexander, Newark, N. J., and Frank Weaver, Findlay, O., were among the killed, the others being Italian laborers in the on Aug. of the Standard Oil Co.

Roosevelt Girls Hurt.
Sayville, L. I., Aug. 15.—Glady's and Eugenie Roosevelt, cousins of President Roosevelt, were injured in a runaway here, Glady's probably fatally.

Girl Swimmer Breaks Record.
Beverly, Aug. 15.—Katie Peimoff, aged ten, swam a mile in Dorchester bay in 35 minutes, breaking amateur record for girls.

George Kallimann, a merchant of Marietta, Ill., was seriously burned by the explosion of the gasoline tank of an automobile which he was driving.

We Deliver Groceries IN EARLINGTON.

Read this and remember it.

The FARMERS SUPPLY COMPANY, of Madisonville, will sell you the best groceries at the very lowest prices and deliver them to your residence in Earlington free of charge, every day in the week. We will sell you for **\$1.00 13 pounds of granulated sugar** or **7 pounds of good coffee** and all other groceries proportionately cheap. You can save money by trading with us. Call us over the phone and give us an order.

Farmers' Supply Company.
MADISONVILLE, KY.

USE St. Bernard Coal.

Mined in Hopkins County, Kentucky, the largest coal producing county in the State. This Company operates

Eight Large Mines.

and produces about one-sixth of all the coal mined in all Kentucky.

Best Coal for Steam and Domestic Purposes.

St. Bernard No. 9 Coal has come to be recognized, through years of satisfactory use, as the standard grade both for steam and domestic purposes, in the large territory reached by our products. Another point in favor of our coal is the fact that we have established an unimpeachable record for

Prompt Service the Year Around.

Our mines are operated more days in the year than any mines in Kentucky and with an enormous output at command we are able to give the promptest and most satisfactory service.

St. Bernard Coke

Is also a superior fuel and is extensively used in base burners and heating furnaces for residences or any other building that needs to be heated, and takes the place perfectly of high priced anthracite coal. This coke is extensively used in manufacturing as well and is furnished in various grades.

If your dealer does not handle our coal and coke write to us.

EARLINGTON, KY

HAPPENINGS IN KENTUCKY.

Mt. Sterling, Ky., Aug. 14.—Jerry McIntosh, aged thirty-five, conductor on a Lexington & Eastern freight train, fell under the cars at Athol, Breathitt county, and was so badly injured that death resulted in a few hours.

Paducah, Ky., Aug. 14.—Dr. A. T. McCormack, Assistant State Health Officer, returned today from Cairo, and reported that Illinois would at once establish a non-intercourse quarantine against Paducah if the local Health Board did not stop the wholesale dealing in health certificates. It is alleged that one member of the Health Board sells certificates on trips here at \$1 apiece to any and everybody, being through trains calling: "Here's your health certificate, one dollar apiece." Dr. McCormack says he saw this done. Tonight the Council met and discharged the Board of Health, and will elect a new one.

Mt. Vernon, Ky., Aug. 14.—While handling a small rifle yesterday afternoon at Sparks' quarry a ten year old son of William Moore accidentally shot J. A. Sexton, aged fifteen, through the head. Death resulted in half an hour. Miss Sexton was standing in the doorway with a baby in her arms. The fall injured the child.

Paducah, Ky., Aug. 15.—Adj. Gen. Haley, Advocate Gen. Briggs and Lieut. Beekham, the latter of the United States army, left last night for Frankfort, and will return the latter part of the week. Camp Yulester is almost deserted now, waiting for the arrival of the First Regiment. A severe storm yesterday blew all the tents of the commissary department down, but did no other damage of consequence.

Maysville, Ky., Aug. 15.—Mrs. A. J. Whanger, aged nineteen, died at her home here last night. She is the second wife of Mr. Whanger has lost inside of a year, his first wife being killed in the railroad yards here. The remains will be taken to Romeoville, W. Va., his home.

REPRESENTATIVE BLACK

Killed in a Pistol Battle at Harrodsburg—
Others Wounded.

Harrodsburg, Ky., Aug. 10.—Sam Black, a member of the legislature, Policeman Wm. Britton and Walter Stolls, a saloon keeper, today engaged in a pistol fight on Main street. Black was shot through the head and killed instantly. Britton received a bullet through the jaw and Stolls was wounded in the abdomen. Both are in a dying condition. An old grudge is said to have been the cause of the trouble.

CHURCH DIRECTORY.

CHRISTIAN CHURCH.—Sunday school at 9:30 a. m. Preaching every Lord's day at 10:30 a. m. and 7 p. m. Prayer meeting every Wednesday at 7:30 p. m. Elder Howard Bradenton, pastor.

M. E. CHURCH.—Regular services third Sunday at 11 a. m. and 7:30 p. m. Prayer meeting Wednesday evening at 7:30. Sunday school at 9:30 a. m. Class meetings, second and fourth Sundays at 8:30 p. m. Rev. W. H. Dams, pastor.

M. E. CHURCH, SOUTH.—Rev. J. E. King, pastor. Services first and fourth Sundays at 11 a. m. and 7:30 p. m. Sunday school at 9:30 a. m. Prayer meeting, Tuesday evenings at 7:30 o'clock. Epworth League, every Sunday evening at 6:30. Also one literary meeting each month with some member. The Woman's Missionary Society Saturday afternoon before first Sunday.

MISSIONARY BAPTIST CHURCH.—Preaching the second Sunday afternoon at 2:30 o'clock and the preceding Saturday night. Church meeting Saturday night before the third Sunday. Sunday school at 9:30 a. m. Prayer meeting every Monday night at 7:30. Rev. Price E. Gault, pastor.

GENERAL BAPTIST CHURCH.—Services Saturday night before the first Sunday in each month at 7:30 p. m. first Sunday at 11 a. m. and 7:30 p. m. Sunday school 2 p. m. Prayer meeting Friday evening at 7:30 p. m. Sunday school at 9:30 a. m. Rev. G. W. Dams, pastor.

PRESBYTERIAN CHURCH.—HOLY—Regular services fourth Sabbath in each month at 11 a. m. and 7:30 p. m. Sunday school each Sunday morning at 9:30 o'clock. Rev. M. C. Crocker, Pastor.

EPISCOPAL CHURCH.—Services each Tuesday evening at the Library at 7:30. Rev. George U. Abitt, rector.

PEACE CRISIS APPROACHING

The Deadlock, if Any, is Deferred
For the Present.

SAKHALIN ARTICLE LAID OVER

Those Optimistically Inclined See
In This a Possibility of Compromise. When the Critical Points Come Up.

Portsmouth, N. H., Aug. 16.—The lens in the peace negotiations upon which the eyes of the world are fastened is approaching rapidly, and the end of this week or the first of the next will see the latest about the deadlock and the end of it. The conference is to go to pieces. Two more of the twelve articles, numbers 4 and 6, have been disposed of.

The Integrity of China.
Article 4 consists of mutual pledges to observe the integrity of China and the policy of the "open door" for the commerce of all nations, and article 6 covers the surrender of the Russian leases to the Liao Tung peninsula, Port Arthur, Dairen and the Blonde and Elliott Islands. To article 4 both parties gave ready assent, and the official statement of the adoption of that article took place. It was that it was agreed to "unanimously."

Sakhalin Item Postponed.
Article 5, the consideration of which was postponed until later, provides for the cession of the island of Sakhalin. Discussion appearing useless at this stage, the subject of the firm negative in the Russian reply, it was decided, upon the motion of the Japanese, to defer its discussion, thus revealing the Japanese intention of postponing to the end the life and death struggle. This is the usual procedure followed in diplomatic negotiations, enabling the negotiators to come to an accord upon all possible points before tackling the crucial issues.

Both Sides Are Careful.
The fact that the Russians acquiesced in the proposition shows that they too are as careful and as anxious as the Japanese that the world should not accuse them of being responsible for precipitating the break. If break there is to be, and wrecking the conference. Then, in itself, it is a hopeful sign. Besides, by postponing the burning questions to the end the psychological moment for bargain and compromise arrives.

A Growing Hope of Compromise.
To the closest observers the final solution begins to look very real. The Japanese are yielding the cession of Sakhalin, Japan foregoing "the cost of the war," but taking compensation in the money to be refunded to Japan by China on account of the transfer to her of the Chinese Eastern railroad, which Russia controls belongs to a private corporation, therefore unaccountable by Japan, the Russian government property in Port Arthur and Dairen and remuneration for the maintenance of the 100,000 Russian prisoners in Japan.

How Russia Looks At It.
According to the Russian view, Japan has already secured all it can move that she dreamed of claiming before the war. To insist upon a foe who has still half a million men confronting her in the field, feeling the bill for the cost of the war as the price of peace, the Russians say, change the character of the military struggle beneficent from one for certain principles to one for the exercise of "blood money."

Five Articles Adopted.
Questions relating to Korea and Manchuria, except the cession of the Chinese Eastern railroad and the main Siberian line running through northern Manchuria from the station "Manchuria" on the Amur via Harbin to Vladivostok, are settled in the five articles already adopted. Some contention has arisen about these articles and the following resume can be accepted as absolutely accurate:

The Questions Settled.
1.—Recognition of Japan's "preponderating influence" in Korea, etc.
2.—Mutual obligation to evacuate Manchuria. Russia to renounce to China all special privileges, etc.
3.—Japanese obligation to restore the sovereignty and administration of China in Manchuria.

Mutual obligations to respect the territorial and administrative integrity of China and the principle of the "open door."
4.—The surrender of the Russian leases to the Liao Tung peninsula, including Port Arthur, Dairen and the Blonde and Elliott Islands.

The discussion on Sakhalin went far enough to demonstrate the determined opposition of Russia to its cession, and there had not been the slightest sign of yielding when the agreement was reached to reserve a decision on the article until later. Competent Japanese authorities, however, still insist that Japan will never abandon this point.

Fairbanks at Harlington, Vt.
Earl Clinton W. Fairbanks arrived in this city from Ellsworth, Me., late this afternoon. He will participate in the dedication of the Memorial tower to Ethan Allen, on the old Allen farm.

Eloped With an Italian.
New York, Aug. 16.—A Paris dispatch says Miss Florence Croker, daughter of Richard Croker, has eloped with Luigi Martini, an Italian. They have gone to Dublin for paternal forgiveness.

What Corn Accomplishes.

Corn fed pork furnishes our tables with millions of hams and sausages, besides bacon and lard. Corn produces the best of poultry and eggs, of which alone we, as a nation, consume more (when measured by dollars) than we do of wheat. Of cornstarch we use about \$7,000,000 per year, to say nothing of the enormous consumption of glue, combs and other products made from the hogs, hoofs and half of those corn fed animals. To all these we must add a product of corn oil (maximum, 40,000 daily), largely used in paints, and by products of corn oil, starch, glucose, whisky and alcohol, dried and sold in cakes, for animal food, amounting to millions of dollars per year. Nor is that all that corn accomplishes. Besides giving food and clothing in the form of animal and vegetable products, as indicated, it gives life and strength to millions of horses, mules and oxen that till our fields and haul our multitudes of farm produce to the thousands upon thousands of country markets, from Maine to California and from North Dakota to Texas.—W. W. Hawes in Harper's Weekly.

Great Potato Discovery.
A resident of Glen Falls, Col., has either made one of the greatest discoveries of the age in agriculture or he is one of the greatest fakes of the time.

W. D. Darst, a cook, declares that he has perfected a process by which an indefinite quantity of potatoes may be forced to grow on any tract of ground at a cost not to exceed 25 cents. He asserts that he can save the acre 30,000 bushels of potatoes to the acre every 60 days, and that he is satisfied a much greater yield can be secured.

His design is to raise potatoes entirely under ground, without permitting any sprout or vine to appear above the surface. He says he has caused potatoes to grow in this way with layers to produce 30,000 bushels of potatoes to the acre, and he declares there is no reason why they should not be planted to a much greater depth, with corresponding increase in the yield per acre.

Grazing Lambs on Cowpens.
(Southern Farm Magazine.)
Cowpens will furnish excellent grazing for lambs and yearlings.

Cowpens, as you know, are high in protein, even when in a green condition, and will thus furnish the sheep with a food well suited to their needs. It is not desirable to turn the lambs on the peas until they are almost for haying; that is, when the lower leaves and pods are turning slightly yellow.

There is no reason why the cowpens should not furnish the main diet for lambs, supplying practically all the roughness needed. You can, of course, add some sorghum fodder to advantage, for a variety in the ration is generally desirable, increasing the palatability and stimulating the appetite of the animals accordingly.

Monthly Corn and Wheat Report.
The monthly report of the State agricultural department for August, showing the condition of the crops, especially wheat and tobacco, over the State, says:

"The corn crop promises a full average."

grage. The yield of wheat is much below an average and the grain is not good. Much of it threshed tough and chaffy, sprouting in the granary. The oat crop, barring damage done by excessive moisture, is a fair one. Barley tobacco is below the average. Dark tobacco, compared with five years ago, is much better. Condition is low on account of lack of proper cultivation and water sobbing.

How to Get Rid of Stumps.
The Scientific American which has a record of reliability, gives the following method for getting rid of old tree stumps. We would like for some of our readers to try this plan out this fall and report their success. In the fall bore a hole in the center of the stump, about 18 inches deep and 1 to 2 inches in diameter. Put in about 2 ounces saltpetre, fill the hole with water, plug it up with the spring take out the plug, pour in 3 or 4 ounces of petroleum, ignite and the stump will smolder, but not blaze to the extremities of the roots leaving only ashes.

Feeding Swill to Hogs.
A correspondent of Kimball's Dairy Farmer writes: "I don't believe sour swill is any better for hogs than sour snot is for man. One day sweet and one day sour is not right. The sour swill barrel is a good breeding place for disease germs. It is little wonder the country suffers such hog losses each year when we consider that the hog has to eat. Out in the alfalfa country where grass and water are the hog feed there is a very little loss of hogs."

Wealth in Parson's Potatoes.
A basket of potatoes, in each one of which was imbedded a five-dollar gold piece, was presented here to Rev. Dr. Charles A. Easton, of the Euclid Avenue Baptist church, of Cleveland, of which John D. Rockefeller is a member. Mr. Rockefeller attended the presentation and is said to have been the donor.

Sweet Potato King.
H. F. Wattson, the sweet potato king of Oklahoma, last year raised 5,000 bushels of sweet potatoes, and this year he will plant 50 acres to that crop. Much of the land is the greatest sweet potato raising region of Oklahoma, and the acreage will be much larger this season than in any previous year.

Hogs Must Be Looked After.
The farmer should not neglect during this month to spray his sows and mark all his hogs. A sprayed sow makes an ideal fattening hog, but open sows range with the lowest class of fattened hogs, making but little lard and inferior pork or bacon.

The annual value of the forest property in the United States, as enumerated in the Twelfth Census, is nearly \$75,000,000. If to this were added the value of the firewood, farm material and other forest products for which no returns are available, a very much larger figure would be shown. Thus, as a direct source of wealth the forests of the country rank nearly with the mineral products as second to the farms.

In addition to forestry value, the forests of the country have an immense, though not exactly calculable, value as a source of future supply and as a protective covering for watersheds.

The high wages demanded by farm help and the increasing value of land are compelling more and more the substitution of machinery tends to increase rather than diminish the average size of the farms, and this in turn tends to reduce the population of the rural districts and close up the country schools.

Winter wheat should be grown much farther North than the present limit if corn was planted five feet apart and the wheat sown among it in the fall, allowing the stalks to remain standing during the winter to catch the snow.

The valuation of Kentucky property has been fixed by the State Board of Equalization at \$5,420,000. Upon this amount the State will collect \$22,445,564.55, an increase over last year's taxes of \$88,724.43.

LOCOMOTIVE BLASTS

D. E. Fowler, administrator of Walter L. Maddox, dec'd, has filed suit at Hopkinsville against the L. & N. railroad company for \$25,000. Maddox was a freight brakeman on one of the locals running between Hopkinsville and Nashville, and, on July 20, 1894, was run over by his train at Springfield, Tenn., and so badly injured that death resulted in about three weeks. It is charged that, in the absence of the engineer, who had gone to get orders, the fireman was operating the engine, and that it was through the carelessness of the company that he sustained the injuries which caused his death. He was a brother of Mr. Hewlett Maddox, of this city.

The discarded L. C. railroad bridge at Gilbertsville is to be removed. Work may be commenced to demolish the structure within the next few days. The bridge to be removed was recently superseded by a new cantilever structure, which is one of the finest on the Illinois Central's lines. The old bridge was largely constructed of iron and stone, but a large amount of timber made up the approaches. The masonry and approach work will be removed and the greater portion of the bridge will go into the scrap pile. The two main spans can be saved, however, and be used in smaller structures.

The contract to build the road-bed for the Morganfield and Atlantic railroad has been let. The bid was \$119,000. It is not stipulated in the contract when the work shall begin, but a bond is given to complete the roadbed by the first of February. This is one of the new railroads that is to traverse Webster county and will connect with the L. & N. R. R. at Providence.

The Louisville & Nashville railroad company will soon have all its work completed in the vicinity of Ridge Top, Tenn., and the people living in that settlement have begun to inquire what the railroad company is going to do about depot accommodations. Many of the property owners on Baker's Hill donated property to the company expecting the company to locate the depot where it could be easily reached. Now, however, the company has decided to locate the depot on the west side of the hill, although it has been petitioned to locate it on the east side near most of the residences.

The Baker's Hill tunnel has been completed, with the exception of laying the track through the tunnel proper, and this work is now in progress. It is said that the tunnel will be in use by the last of September.

Mr. Bert Suthard has accepted a position with the transportation department of the L. & N. on this division.

The L. & N. R. R. has had new steel rails laid on the road crossing the section of Main and Dixon streets at Sebree during the past week.

Dispatchers E. M. Orr and Jack Martin were in Madisonville Saturday afternoon attending court.

Conductor Wm. Leahy was on the Evansville accommodation several days last week, while Conductor Lew Waltz was off duty.

Mr. J. H. Warner, the popular express agent at this place, had the misfortune to rupture a blood vessel in his leg one day last week while alighting from a train.

The railroad boys have been kept busy for the past week handling bananas en route to Northern markets from the South. Owing to the yellow fever raging at New Orleans

this fruit is unloaded at Mobile, Ala., as the authorities refuse to let it be landed at the former place, consequently the L. & N. is receiving the largest portion of this traffic.

A delay of about 40 minutes was caused to the 2nd section of No. 33 here Monday morning by attempting to repair a disabled engine. After working with the engine for some time it was discovered that it would require a longer time to fix it, so a freight engine was attached to the train and carried the delayed passengers through to Nashville.

Conductor Jno. Longstaff, of Guthrie, visited friends and relatives here Sunday.

The work on the Louisville & Nashville railroad company's round house at Nashville, Tenn., which was partly destroyed by fire sometime ago, is reported to be progressing very rapidly and it is believed that the building will be ready for use again by Sept. 1st.

Conductor Arch Longstaff, of Cedar Hill, Tenn., was in the city Sunday visiting friends and relatives.

Conductor Oscar Bonham has returned from a month's vacation spent with relatives in Tennessee and is again on duty.

The engines burned in the round house at Nashville, Tenn., at the time of the fire there several months ago, and which were assigned to various shops of the company to undergo repairs, will be ready for service again sometime during September.

Engineer Leonard Huff and the crew with switch engine 512 made a trip to Victoria mines Monday with several car loads of ties to be used in the construction of a switch at that place.

Engineer Bud Wendelken, running one of the switch engines at this place, made a fly run to Madisonville Saturday afternoon with Dispatchers E. M. Orr and Jack Martin, who went over to attend court.

The new switch being laid at Victoria mines is nearing completion. The one now in use will be removed as soon as the new switch is completed.

Cholera Infantum.

This disease has lost its terrors since Chamberlain's Colic, Cholera and Diarrhoea Remedy came into general use. The uniform success which attends the use of this remedy in all cases of bowel complaints in children has made it a favorite wherever its value has become known.

This remedy is for sale by St. Bernard Drug Store, Earlington; B. T. Robinson, Mortons Gap; Jno. X. Taylor, Earlington.

Family Reunion at Crofton.

The heirs of William Green and Lucinda Logan, deceased, held a reunion at the residence of F. M. Logan, at Crofton, Aug. 12. This family consists of six children, three girls and three boys, five of whom were present, one sister being detained at home on account of illness. The names and ages of these children follow: John Blue Logan, 45; Elvora Davis, 45; Mary E. Rickard, 41; Theodora Clark, 38; Manson Logan, 32. The parents of these children died in November, 1872, their deaths being within six hours of each other, and they were buried in the same grave. Subsequently the family became scattered and have not all been together at one time for more than 25 years. This is the first attempt at a reunion and it is probable that they will try again next year. Said Logan heirs are grandchildren of John Blue, who was one of the early settlers of Kentucky and belonged to that branch of the American family known as Scotch-Irish. The writer has often heard him talk about hunting bears and other wild animals in the primeval forests of Hopkins. Said John Blue is the father of John Logan Blue, who is now supervisor of one-half of the public roads of Hopkins county. There was certainly a good time enjoyed by all the family.

A MEMBER OF THE FAMILY.

DRAGGING

down pains are a symptom of the most serious trouble which can attack a woman, viz: falling of the womb. With this, generally, come irregular, painful, scanty or profuse periods, wasteful, weakening drains, dreadful backache, headache, nervousness, dizziness, irritability, tired feeling, inability to walk, loss of appetite, color and beauty. The cure is

WINE OF CARDUI
THE FEMALE REGULATOR,

that marvelous, curative extract, or natural wine, of herbs, which exerts such a wonderful, strengthening influence on all female organs. Cardui relieves pain, regulates the menses, stops drains and stimulates the womb muscles to pull the womb up into place.

It is a sure and permanent cure for all female complaints.

WRITE US A LETTER

Put aside all timidity and write us freely and frankly, in strictest confidence, telling us all your symptoms and troubles. We will send you advice (in plain, sealed envelopes), how to cure them. Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

"I SUFFERED AWFUL PAIN

In my womb and ovaries," writes Naomi Baker, of Webster Groves, Mo. "also in my right and left sides, and my menses were very painful, and irregular. Since taking Cardui, I feel like a new woman, and do not suffer as I did. It is the best medicine I ever had in my house."

LOW CUTS
At Cost

News of the Mines.

UNITED STATES LEADS

All Other Countries in Coal Production.

In the report of the United States Geological Survey that has just been issued the following interesting figures are given as to the comparison between the United States and other coal producing countries of the world:

"Since 1890 the United States has held the first place among the coal producing countries of the world and each year has increased its lead of Great Britain and the other prominent producers. This country now contributes about one-third of the entire coal supply of the world, and consumes from 97 to 98 per cent of its own production. The total output of coal in the United States in 1903 was 314,502,881 long tons. Great Britain being second with 232,432,000 tons. No other country produces as much as 50,000,000 tons. Of the States in the Union Pennsylvania leads in the production of coal in 1904 with 87,942,267 tons, a decrease of over 3,000,000 as compared with 1903. Illinois is second with 36,475,050 tons, being an increase of about 500,000 tons. West Virginia is third with 32,002,819 tons, an increase of over 3,000,000 tons, and Ohio fourth with 24,484,812 tons, a decrease of over 4,000,000 tons. Alabama stands fifth, Indiana sixth and Kentucky seventh, the latter with an output of 7,500,482 tons, an increase of 24,510 tons over 1903. The spot value of Kentucky's product is \$7,857,691. The total area of the two Kentucky coal fields, Eastern and Western is 10,980 square miles. Coal is commercially mined in twenty seven counties in the State."

The operators and miners of District No. 19, embracing Eastern Kentucky and Tennessee mines, in a joint convention held at Knoxville, Tenn., last week, adopted a scale for the incoming year, which is a 7 per cent reduction for the miners over the scale of 1903.

The State Railroad Commission at a session held at Frankfort, last week, directed that the rates on coal hauled from mines on the O. and N., division of the Louisville & Nashville R. R., be reduced. Complaints had been made of the excessive freight rates on coal along the Owensboro and Nashville line for several months. At the meeting the commission ordered that the rate of \$1 per ton from the various mines along the route to Russellville be reduced to seventy-five cents a ton. The rate of \$1.20 per ton from the same points to Adairville was ordered reduced to eighty-five cents a ton. The reduced rates will be put into effect at once. There are several mines in operation between Owensboro and Adairville.

Sec'y. Geo. C. Atkinson is spending a few weeks vacation at Bay View, Mich.

Mr. F. M. Baker, of Dixon, has purchased the mineral rights to about 1,300 acres of coal land lying near the proposed railroads in Webster county. He will, it is stated, developed the land in near future.

Middlesboro, Ky., Aug. 11.—Judge Thomas R. Gordon, of Louisville, and the Hon. R. C. Ford, of this place, have bought 2,000 acres of coal lands on Straight Creek between Pineville and the Straight Creek Coal and Iron Company's property. They will develop the property at once.

The Thomas Blackwell Coal Mining Company, operating coal mines at Clay, Webster county, struck the No. 9 vein of coal last week. They have been boring for this vein at that place for

some time and reached it a depth of 250 feet from the surface.

Mr. W. T. Brooks, of No. 11 mine, assumed charge as machine foreman at Hecla mine Tuesday. He succeeds Mr. Ed. Gayce, who has resigned on account of ill health. Mr. Gayce will leave for the West in the near future, where he hopes to be benefited by the climate.

Acting Foreman Henry Harris of the Arnold mine, has been on the sick list several days this week. Mr. Ed. Barnett is foreman during his absence.

Taken With Cramps.

Wm. Kirmse, a member of the bridge gang working near Littleport was taken suddenly ill Thursday night with cramps and a case of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be on next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, Argus.

The remedy fails. Keep it in your home. It may save life. For sale by St. Bernard Drug Store, Earlington; B. T. Robinson, Mortons Gap; Jno. X. Taylor, Earlington.

CASTLEBERRY ITEMS

Quite a storm of wind and rain passed over here Monday evening, doing some damage to our local telephone lines, cypress and tobacco.

Messrs. G. B. Lynn and L. R. Cessna, real estate agents of Madisonville, have closed a deal with Dr. J. Terhune, of Linton, Ind., by which the Doctor becomes the owner of the celebrated Pratt coal fields, having purchased the Barrell, S. R. and James Terry farms, also the Crabtree and several other smaller tracts of land adjoining the Terry land, about 3,000 acres in all. Do not know the average price paid, but think the price was satisfactory to all parties concerned, and the Doctor has a large body of good coal and timber land in Hopkins county, as the coal is of good thickness and of an excellent quality. The Pratt Workington Lumber Co., who are operating a saw mill on said land, while drilling an artesian well, struck a fine vein of coal five or six feet thick. There are several openings where the coal is four and one half feet in thickness, this being the first or top strata of coal.

Crops of all kinds looking well, with plenty of rain.

We have several cases of typhoid fever in our neighborhood. Some are almost well, while others are very sick. The worst cases now are the two sons of Mr. G. W. Gladdish (Robert and David).

Mr. Riley Brasher, son-in-law of the Rev. W. G. Tsague, died near Crofton a few days ago of typhoid, leaving a young wife, father and mother and many other relatives and friends to mourn his loss.

Our rural mail route is giving excellent satisfaction. All are well pleased with it and most every family is taking several weekly and daily papers. Hope we may be able to keep it, as we do not see how we could get along without it now.

Col. Waterson on Newspapers.

Col. Waterson in one of his recent editorials speaks with marked truthfulness of newspapers after the following manner:

"A newspaper may keep alive without being unclean. Nor need it preach or scold in order to vindicate its right of opinion. As the good deeds of a good man are mostly hidden the good deeds of a good newspaper are more palpable to the sense than to the eye. Whether it has been faithful to the truth, as it sees it, and upright and unselfish in the discharge of its duty, may be told well enough as the years go by, and after the event which has separated the public into parties and factions is generally the subject of agreement among thinking people, much goes to the credit of fidelity. Errors of judgment may be forgiven. One may be nobly wrong as well as nobly right, the nobility referable to the intention. In a word, it is the sum totals that count; and in the world of newspaperdom, and in the long run, integrity is worth far more than genius."

PARKER'S HAIR BALSAM. Disinfects the scalp, cures itching humors, keeps the hair in better condition, and cures all scalp diseases. It is the best hair dressing ever used.
